Installation Instructions

Nerf-Step

(Part # F989QC, F0996CC, F0486SC, F99100CC,)
09-10 Ford F150 Super Cab, Super Crew, 04-08 F150 Super Crew. 99-10 Super Duty Crew Cab

NOTE: Carefully read entire instructions thoroughly before attempting to install this part. It is recommended to have some additional help while installing these bars.

Parts Included	Qty	Tools Required
3/8" x 1 1/2" Carriage Bolts	12	9/16 Wrench
3/8" Flat Washer	12	9/16" Socket with Ratchet
3/8" Lock Washer	12	

Picture is for sample use, may not be actual bars

STEP 1: Identify the driver and passenger side bars. (The short 45 degree bend at the end of each nerf-step goes towards the front of the vehicle.)

STEP 2: Starting on the drivers' side, first open the vehicle doors and then hold the nerf-step to the underside of the vehicle. Line up the oval holes in the nerf-step bracket with the factory holes on the bottom pinch weld of the vehicle. (On certain models you may need to drill a couple of 3/8" holes)

STEP 3: Using the included 3/8" hardware, insert a carriage bolt from the outside and attach with washer and nut. Proceed to install remaining bolts. (Do not tighten completely at this time.) (Fig A,B)

STEP 4: Hold the front of the nerf-step firmly against the body of the vehicle and tighten the front bolt completely. Now move to the rear of the step and hold the step up against the body until it is level with the side of the vehicle. When desired level is reached tighten the rear bolt completely. You may now tighten the remaining bolts. Make sure all bolts are tight. Installation is now complete. Follow same steps for opposite side.

Installation Instructions

Nerf-Step

(Part # F989QC, F0996CC, F0486SC, F99100CC,)
09-10 Ford F150 Super Cab, Super Crew, 04-08 F150 Super Crew, 99-10 Super Duty Crew Cab

STEP 5: (Optional) There are upper mounting holes on the **Super-Duty** nerf-step brackets that can be used but are not necessary. If used, the upper mounting holes require the factory step mounting hardware which can be purchased at your local dealer.

Product cleaning and maintenance instructions

Stainless Steel Finish – Aluminum polish may be used to polish small scratches and scuffs on the finish. Mild soap, window or glass cleaner may be used to clean the finish. **Dual state powder coat finish** – Mild soap, window or glass cleaner may be used to clean the finish. In order to protect the finish, you may wax your product on a regular basis with pure carnauba automotive wax. Do not use any types of soap, polish or wax that contains abrasive that could damage the finish

WARRANTY

Smittybilt's products are covered under the following limited warranties only. Note that the duration of the limited warranty differs according to the material and finish of the product purchased. Subject to the duration and conditions of the limited warranty stated below, Smittybilt warrants to the original retail purchaser that its products are free from defects in material and workmanship. All other warranties and representations express or implied are hereby disclaimed, including fitness for merchantability and buyer's intended use or purpose. All parts are sold "AS IS" except for the limited warranties granted herein. Buyer assumes all risks as to the selection, suitability and performance of all goods and products selected. This limited warranty does not cover damage or impairment in any part due to misuse, improper installation, accident or contact with on-road or off-road hazards, product modification, improper or inadequate cleaning and/or maintenance. Smittybilt is not responsible for items damaged during shipping. This warranty is not transferable from the original buyer. For the original Buyer to be eligible for the limited warranty coverage, the Buyer must provide proof of purchase. Smittybilt strongly recommends returning the warranty registration card. Customer's remedy hereunder shall be limited only to repair or replacement (at Smittybilt's option) of any defective part(s) returned to Smittybilt at customer's expense. The determination of whether or not a returned part is defective or subject to coverage under the limited warranties stated herein shall be made at Smittybilt's sole discretion.

1. Limited Lifetime Warranty on Stainless Steel Products -

Smittybilt stainless steel products carry the foregoing limited repair or replacement warranty **against workmanship and defects in the material** so long as the original purchaser retains the original stainless steel parts.

2. Limited Five (5) Year / 50,000 Mile Pro-Rata Warranty (whichever occurs first) on Dual-Stage Powder Coating Products -

Smittybilt dual-stage powder coated products carry the foregoing limited repair or replacement warranty for a period of (5) years or 50,000 miles (whichever occurs first) from date of purchase **against workmanship and defects in the material**, provided that any claim submitted after (2.5) years from date of purchase shall, if accepted, be satisfied by Smittybilt offering customer a credit on the purchase of a replacement product equal to fifty percent (50%) of customer's initial purchase price.

Fichter Design's configuration protected by International Trade Dress Law. Fichter Designs licensed to Smittybilt Automotive Products are Protected by U.S. patent law and International Copy Right Law. US Patent #6588783 and #6874801 other patents and continuances pending. All Intellectual Property & Patent infringements will be prosecuted to the full extent of the law.
